## Description

If you are a student who is completing the 80-Credit Graduation Program, this online course will help you:

- Set goals and manage projects
- Identify your future dreams
- Learn about the world of work
- Discover ways to connect with others on your journey
- Get the facts about making career-life choices

## There are five modules in Career Education 9:

- Module 1 – Getting Organized
- Module 2 – Reflecting
- Module 3 – Connecting
- Module 4 – Adapting
- Module 5 – Making Choices

## The BIG IDEAS in Career Education 9:

Reflecting on our preferences and skills helps us identify the steps we need to take to achieve our career goals.

The value of work in our lives, communities, and society can be viewed from diverse perspectives.

Achieving our learning goals requires effort and perseverance.

Adapting to economic and labour market changes requires flexibility.

Our career paths reflect the personal, community, and educational choices we make.

## Required resources

Access to a computer and Internet access is required as there are various readings, videos, animations, simulations and links in the course. All of the materials are online and there is NO textbook.

The curriculum for this course can be found by visiting the Ministry of Education's website: (<https://curriculum.gov.bc.ca/curriculum/career-education/all/career-life-education>).

## Assessment Strategies

Each module has 9-10 short task assignments worth 5 marks each and 1 unit project worth 20 marks. Assignments will comprise 80% of your mark; the unit projects will count for 20% of your final mark.

## Need help?

You may get help in person in one of our Learning Centres, or by phone or online (by email).
