

New Westminster Online Learning School

Course Title and Grade: Foundations of Math Level 4

Course Description

This course is comprised of three individual courses: Math Foundations 5, Math Foundations 6, and Math Foundations 7. See below for a detailed description of the content for each level. Students can expect to move to a higher-level math like Foundations Math 11 or Pre-Calculus Math 11 upon successful completion.

Course Expectation

Students are expected to login regularly. Expect to complete this in approximately four months.

Specific Learning Outcomes

Visit:

https://www2.gov.bc.ca/assets/gov/education/kindergarten-to-grade-12/teach/pdfs/curriculum/literacy/2010literacyfoundations_math.pdf
